interview questions for programmers

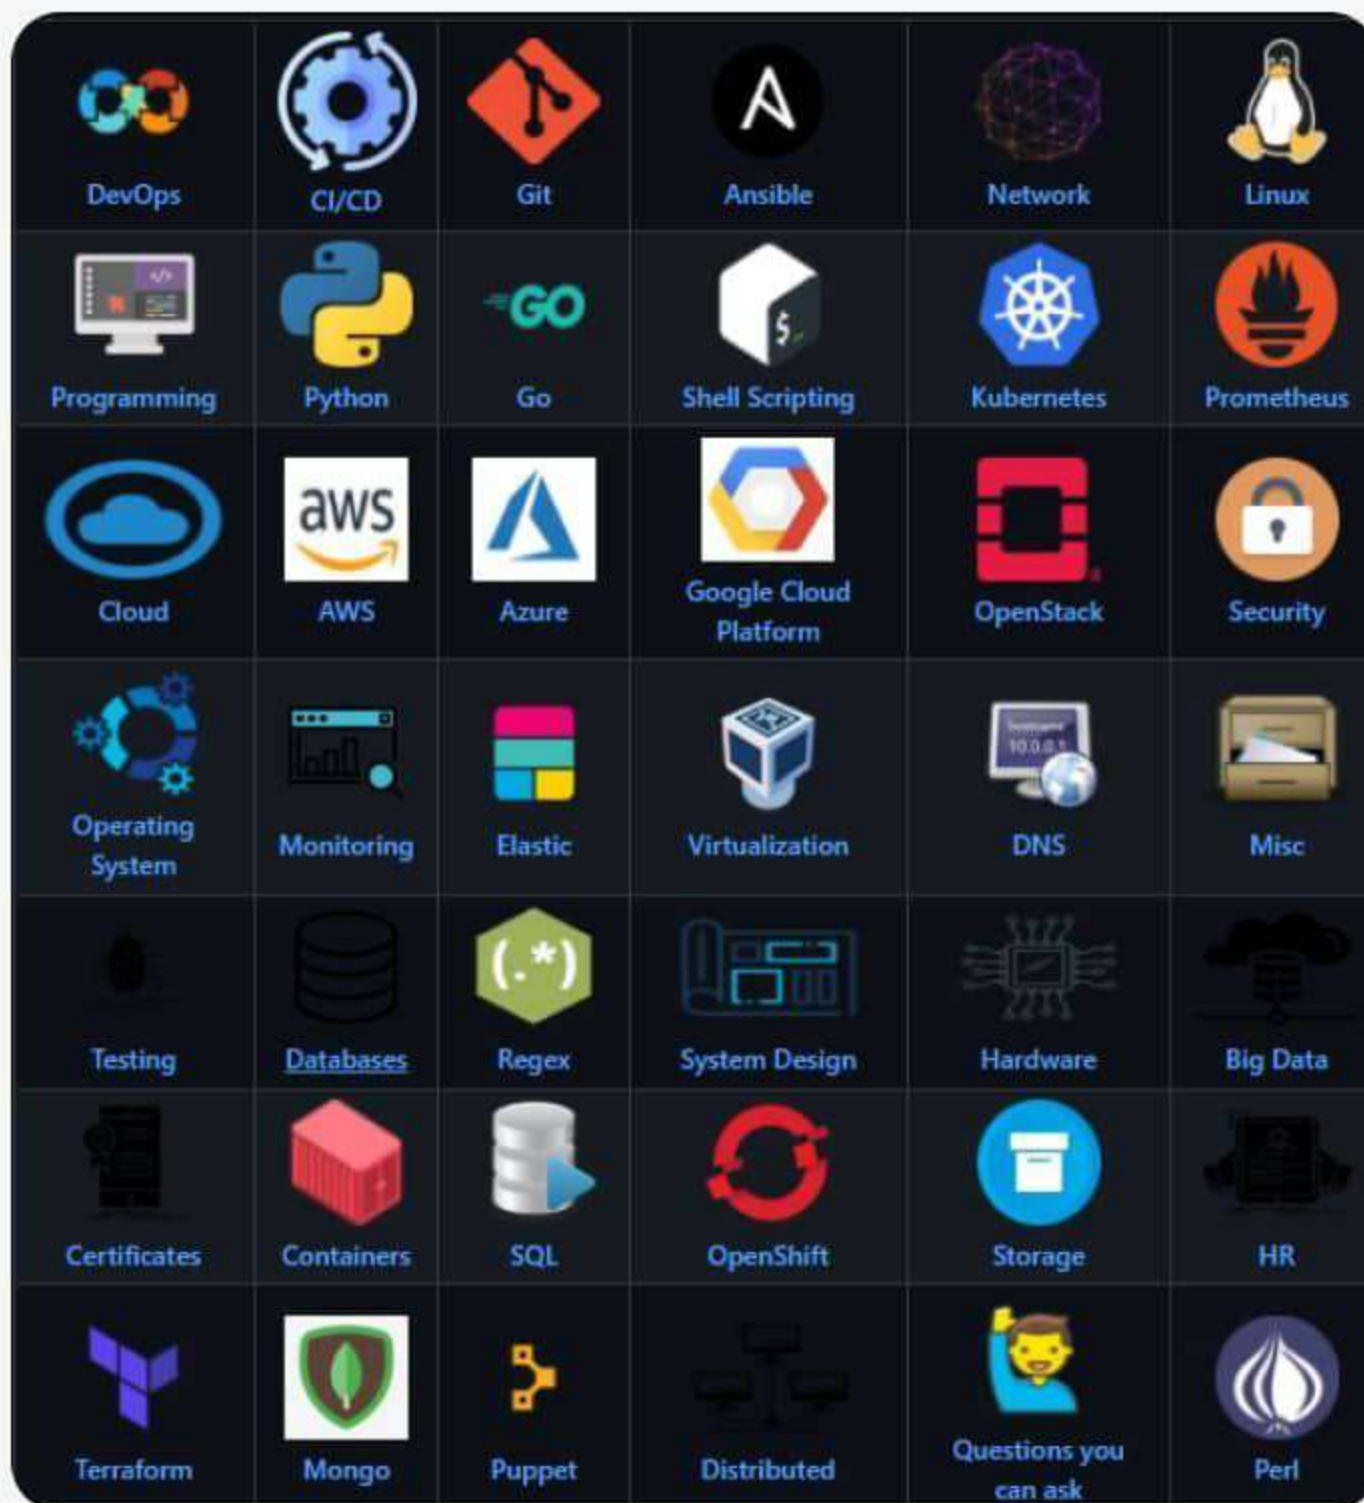

first, open github.com

then search for

 `bregman-arie / devops-exercises`

you can choose interview questions for any of these fields

for example, i choose interview questions for python

Python - Strings

- ▶ True or False? String is an immutable data type in Python
- ▶ How to check if a string starts with a letter?
- ▶ How to check if all characters in a given string are digits?
- ▶ How to remove trailing slash ('/') from a string?
- ▶ What is the result of each of the following?
 - "abc"*3
 - "abc"*2.5
 - "abc"*2.0
 - "abc"*True
 - "abc"*False

- ▶ Improve the following code:

```
char = input("Insert a character: ")
if char == "a" or char == "o" or char == "e" or char == "u" or char == "i":
    print("It's a vowel!")
```
